

Internal Transfers

User Guide

Under **Payments and Transfer**, go to **once off payments**, then select **'Internal'**;

These are transactions from NMB account to another NMB account, hence insert the NMB beneficiary account number. Account names will automatically be fetched online;

Select either **'Pay now'** for payment to be immediately completed, or select **'Pay later'** and insert the dates for payments to be completed.

When Maker clicks **'Pay'** a note to review transaction will pop up to **'Confirm'**, review and complete the payment.
